

1) What insurance company(ies) are reflected in this response?

Anthem Blue Cross and Blue Shield in Missouri  
Healthy Alliance Life Insurance Company

2) For Applied Behavior Analysis services/treatment, does the company have specific procedure codes that it would like to be used for billing purposes? Please indicate if any of these codes are limited in time and thus require units of treatment to be specified.

Anthem has identified four H codes that we encourage providers to bill in order to get claims paid efficiently and maximize the member's benefits. These codes and descriptions are listed below:

- **H0031** – Functional assessment and treatment plan development for ABA services. To be billed in 15-minute increments by a BCBA or BCaBA.

- **H0032** – Supervision of a paraprofessional, parent/family training with child present and/or review/revision of a treatment plan. To be billed in 15-minute increments by a BCBA or BCaBA.

- **H2012** – ABA therapy provided directly by a BCBA or BCaBA. To be billed in one hour increments by a BCBA or BCaBA.

- **H2019** – ABA therapy provided by a paraprofessional. To be billed in 15-minute increments by a BCBA.

3) Of the treatments identified in the law, will the company require precertifications or preauthorizations for any treatments or services (check all that apply):

If pre-certification is currently required for any other medical condition or diagnosis, it will be required for a diagnosis of Autism.

Note: ABA therapy does not require pre-certification. For a list of services that require pre-certification, please access [www.anthem.com](http://www.anthem.com).
